**Desired dates and days.** Treatment plant tours are 1 ½ hours in length. 2 tours can be done per day (8:40-10:20 & 10:30-12:00). If there is just 1 tour per day it is normally scheduled 10:00-11:30. (Changes to these times can be requested as required.) Scheduling 2 tours/day increases our capacity and reduces bus costs.
