CONTRA COSTA
WATER DISTRICT

Contra Costa Water District (CCWD) maintains the local water distribution system up to, and including, the water meter. Anything beyond the water meter is the responsibility of the customer.

In the interest of helping customers save time fixing leaks and completing other necessary plumbing repairs, CCWD has compiled a list of pre-screened plumbers. This is not a comprehensive list of all plumbing companies in the local area. This list represents companies that responded to our advertisement of this program and met specific key qualifications.

Companies included on the list have submitted information verifying their qualifications including:

- Valid California Contractor License
- Appropriate Compensation, Liability and Automotive Insurance
- Guarantee work for at least one year following repair

Note to Customers: This list is provided to help customers locate plumbers who have met the qualifications listed above. CCWD is not responsible for the plumbers work nor does CCWD have any contractual relationship with the plumbers. CCWD recommends customers obtain multiple quotes prior to hiring a plumber.
