**Notice of Public Hearing on Potential Water Rate and Charge Increases**  
Wednesday, January 4, 2012 at 6:30 p.m.  
Board Room - 1331 Concord Avenue, Concord CA

The Contra Costa Water District wishes to notify you of a Public Hearing where treated water revenue increases of up to 3.5% will be considered. Public comments and written protests may be submitted to the District prior to and at the Public Hearing. Following the Public Hearing, the Board will consider the adoption of the proposed revenue increases. The revenue increase will apply to the quantity charge and daily service and demand components of the water rate. If a 3.5% revenue increase is approved, the increase to a single family residential customer in the District using 350 gallons per day (average customer) would be approximately \$2.20 per month.
