At its March 16, 2022 meeting the California Water Commission (Commission) adjusted the Maximum Conditional Eligibility Determination (MCED) for all seven projects currently in the Water Storage Investment Program (WSIP). The Commission made a 1.5% inflation adjustment to the MCEDs of all seven projects within WSIP. The adjusted MCED for the Los Vaqueros Reservoir Expansion Project is \$477,558,343. The MCED is the maximum amount of Proposition 1 WSIP funds the Commission can invest in a project. The Commission has discretion to award less than the MCED at the final funding hearing based on project changes.

The MCED amount above supersedes the 2021 MCED decision.
