

Online Landscape Resources

The following is a collection of links to help you with your lawn to garden conversion. You can access all of these links at:

www.ccwater.com/LawnToGarden

CCWD Approved Plant List

The approved plant list for the CCWD Lawn to Garden Rebate Program is a comprehensive list of trees, shrubs, groundcovers, grasses and perennials. Participants may choose plants outside this list with prior approval. www.ccwater.com/list

Landscape Design Assistance Program

CCWD offers current participants in the Lawn to Garden Rebate Program a free two-hour consultation with a professional landscape designer. Check for details. www.ccwater.com/assist

Landscape Design Templates

Eco Landscape California provides several design templates with complete planting plans, plant list and diagrams. www.ccwater.com/templates

Photos of Completed Projects

View before and after photos of completed Lawn to Garden projects and get inspired to *Lose the Lawn, and Get a Garden*. www.ccwater.com/complete

Waterwise Plant Lists

The District has compiled links to websites that have excellent plant lists, many of which have photos of hundreds of plants. <http://bit.ly/CCWDwaterwise>

Local Non-Profit Plant Sales

There are a number of local organizations that grow, promote and sell native and other waterwise plants. www.ccwater.com/sales

Nurseries

Many local nurseries carry a wide variety of plants. In addition, some of them will special order plants if they do not have them in stock. www.ccwater.com/nurseries

Gardening in Contra Costa County

This interactive website provides thousands of photos of waterwise plants and gardens. It includes a searchable plant database, virtual garden tours, and much more.
