**Subject: Request for Statement of Qualifications - Professional Services for the 2020 Water Treatment Plant Master Plan -- SOQs Due 4:00 p.m., Tuesday, May 22, 2018**

Ladies and Gentlemen:

The Contra Costa Water District (District) is seeking Statements of Qualifications (SOQs) from firms interested in providing professional services for the Water Treatment Plant Master Plan to be completed by February 28, 2020.

The District will evaluate all SOQs and determine which firms will be invited to submit proposals. SOQs should be prepared considering the information in the following attachments:

- Attachment 1 Background, Project Description, and Schedule
- Attachment 2 Statement of Qualifications Format and Evaluation Criteria
- Attachment 3 District GIS Standards and Safety
- Attachment 4 District Standard Agreement for Professional Services
- Attachment 5 List of Firms Receiving This Request for Qualifications

Interested firms shall submit five (5) copies of the requested information by **4:00 p.m. on Tuesday, May 22, 2018**, to:

Contra Costa Water District  
Attention: Dan Jones

Via Courier Delivery:  
2411 Bisso Lane  
Concord, CA 94520

Via US Postal Service:  
P.O. Box H2O  
Concord, CA 94524

The District is an equal employment opportunity organization and encourages contracts with minority and women-owned business enterprises.

This Request for Qualifications (RFQ) does not commit the District to pay any costs incurred in the preparation and presentation of submittals or to select any interested firm who responds. This solicitation covers only the work described herein and does not commit the District to any work beyond that described.

Request for Statement of Qualifications  
2020 Water Treatment Plant Master Plan - Professional Services  
April 27, 2018

### **Background, Project Description, and Consultant Selection Schedule 2020 Water Treatment Plant Master Plan– Professional Services Support**

The Contra Costa Water District (District) requests Statements of Qualifications from firms interested in providing professional services for the Water Treatment Plant Master Plan (WTPMP).

#### **PROJECT BACKGROUND**

The purpose of this project is to develop a comprehensive, integrated plan for improvements at the District's three water treatment plants (WTP): Randall-Bold WTP and City of Brentwood WTP in Oakley, CA and Ralph D. Bollman WTP in Concord, CA. The comprehensive plan will address renewal and replacement of existing treatment plant assets, existing and upcoming potable water quality requirements, other regulatory requirements related to water treatment, and current and future operational needs and efficiency improvements. The WTPMP was originally completed in 2003, updated in 2011, and establishes the scope, schedule, priority and budgets for projects to be included in the District's Ten-Year Capital Improvement Program (CIP). The previous WTPMPs also provided recommendations for scope, schedule, priority and budgets for long-term capital improvement projects through year 2040. This project will be an update to the 2011 WTPMP and will include recommendations for long-term capital improvement projects through year 2050. The District is seeking creative, cost-effective recommendations for addressing the short-term and long-term improvements to ensure efficient investments are completed at the WTPs to meet the service needs of current and future customers.

The following is a brief overview of the District's three WTPs.

#### **Ralph D. Bollman WTP**

The Ralph D. Bollman Water Treatment Plant (BWTP), located in Concord, California, was built in 1968 and has a total capacity of 75 million gallons per day (mgd). BWTP provides potable water to customers in the District's Treated Water Service Area (TWSA) including customers in Concord, Clayton, Clyde, Pacheco, Port Costa and portions of Pleasant Hill, Walnut Creek, Martinez, and Bay Point. Major upgrades within the last 20 years have included the addition of ozone disinfection in 1999 and construction of a third flocculation/sedimentation basin in 2001. Some assets have been in service for up to 50 years and many require repair or replacement.

#### **Randall Bold WTP**

The Randall-Bold Water Treatment Plant (RBWTP), located in Oakley, California, was built in 1992 and has a total capacity of 50 mgd. RBWTP is jointly owned by CCWD and Diablo Water District, and provides potable water to customers in Oakley, Brentwood, Antioch, and Bay Point and to CCWD's TWSA via the multi-purpose pipeline's connection point near Concord. RBWTP was upgraded in 2007 from a direct filtration to conventional water treatment plant. Many of the facility assets have been in service for more than 25 years and require repair or replacement.

## **City of Brentwood WTP**

The City of Brentwood Water Treatment Plant (CBWTP), located on the same campus as RBWTP in Oakley, California, was built in 2008 and has a total capacity of 16.5 mgd. CBWTP is owned by the City of Brentwood, operated and maintained by CCWD staff, and provides potable water to customers in Brentwood. Previous WTPMPs did not include an evaluation of CBWTP; however, this project shall include a review of this facility.

## **PROJECT DESCRIPTION**

The objective of this project is to prepare the 2020 WTPMP which includes renewal and replacement needs for existing WTP assets; evaluation of regulations governing water quality, hazardous materials, and health and safety codes; treatment process and operational strategy assessments; and facility master planning. The recommended projects from these activities will be prioritized in the 2020 WTPMP, which is scheduled to be complete by the end of March 2020. Following are general descriptions of the major work tasks.

Renewal and Replacement (R/R): The purpose of this work is to provide a programmatic approach to renewing and replacing facilities at the District's WTPs for the next 30 years. The consultant will assist the District in reviewing past efforts to inventory equipment to further asset inventories and create an Asset Register that can be used by the District to support advanced asset management practices. This information will be utilized to update R/R recommendations considering asset condition changes and improvements that have been completed by the District since 2011. The asset register, along with desktop and field condition assessment, will be used to assess the need for R/R improvements at all three WTPs. A risk management approach shall be utilized to consider for the need for R/R improvements as well as the criticality of assets to prioritize recommended improvements. Recommendations from this task will be incorporated into the WTPMP and into the District's 10-year CIP.

Water Quality and Other Regulatory Evaluations: The purpose of this work is to evaluate existing treatment processes to determine if necessary modifications to the three WTPs may be needed to meet upcoming federal and state water quality regulations or to meet the District's water quality goals. The work includes evaluation of processes and cost-effective methods to meet the water quality regulations. Additionally, this task shall include an evaluation of the WTPs operations to assess if modifications are necessary to address other regulatory requirements (e.g. safety, hazardous materials handling, etc.).

Treatment Process and Operational Evaluations: Recent adjustments to customer demands have resulted in a change in how the District operates the BWTP and RBWTP from past WTPMP evaluations. These operational changes may alter the need and priority of identified improvements and shall be evaluated against capacity driven improvements required by growth in the service area. This work will include evaluating how CCWD utilizes each of the plants and performing energy efficiency assessments and recommendations.

Facility Master Planning: The purpose of this work is to evaluate treated water demands based on previous District work, and present recommended projects from the above tasks to meet capacity, water quality, and renewal and replacement needs through 2050.

**TENTATIVE PROJECT SCHEDULE FOR 2020 WATER TREATMENT PLANT  
MASTER PLAN:**

Transmit RFQs to Consultants	April 27, 2018
Receive SOQs from Consultants	May 22, 2018
Notify Consultants of Short-list	June 1, 2018
Issue Request for Proposals	June 1, 2018
Receive Proposals from Consultants	June 28, 2018
Conduct Interviews	Week of July 16, 2018
Notify Consultants of Final Selection	Week of July 23, 2018
Complete Contract Negotiations with Selected Firm(s)	August 13, 2018
Board Award of Contract	September 5, 2018
Begin WTPMP	September 23, 2018
Project Completion	March 31, 2020

## **ATTACHMENT 2**

### **Statement of Qualifications Format and Evaluation Criteria Water Treatment Plant Master Plan – Professional Services Support**

Interested firms should prepare their SOQ in accordance with the information requested below. A selection committee will review the SOQ and determine which consultants will be requested to submit a proposal based on the evaluation criteria.

#### **Letter of Transmittal (2 pages or less, 5 percent of total score)**

Provide an overview of the firm(s) and identify the qualities that differentiate the proposed team and will make it successful.

#### **Section 1 – Qualifications of the Firm(s) (3 pages or less, 25 percent of total score)**

List the prime consultant, any proposed subconsultants, the discipline/expertise to be contributed by each firm, and the office location in which the required services will be performed. Describe each firm's related experience.

#### **Section 2 – Qualifications of the Proposed Staff (3 pages or less, 40 percent of total score)**

Identify key project staff, including the Project Manager, and describe their discipline/expertise, qualifications, and/or experience related to the proposed function they would perform. Resumes shall be included as an appendix.

#### **Section 3 – Performance on Similar Projects (3 pages or less, 30 percent of total score)**

Provide a minimum of three and up to five references for projects of similar nature with participation by members of the proposed team. Project information shall include the project name and location, brief description of the scope of work, consulting budget, start and end dates, and roles of any proposed team members.

#### **Section 4 - Appendices (no page limit)**

- A. Resumes of key personnel
- B. Exceptions to the District's Standard Agreement for Professional Services (included as Attachment 4)

## **ATTACHMENT 3**

### **District GIS and Safety Requirements**

#### **2020 Water Treatment Plant Master Plan – Professional Services Support**

##### **GIS REQUIREMENTS**

Compliance to the District’s GIS standards will facilitate data sharing, integration, and compatibility with the District’s GIS system. All GIS data shall be generated in Environmental Systems Research Institute (ESRI) ArcGIS software, unless directed otherwise by the District. All data layers developed by the Consultants and used on the project must be consistent with the District’s designated coordinate system, the “NAD 1983 State Plane California III FIPS 0403 Feet” projected coordinate system.

##### **CONTRACTOR/CONSULTANT SAFE PRACTICES HANDBOOK**

Every employee of consultants and subconsultants working at Contra Costa Water District facilities shall be briefed on the requirements contained in the Contractor/Consultant Safe Practices Handbook and receive a copy of the handbook. The following is the link to the handbook on the CCWD website:

<http://www.ccwater.com/DocumentCenter/View/124>

## ATTACHMENT 4

### 2020 Water Treatment Plant Master Plan – Professional Services Support

NOTE: The successful consultant shall be prepared to work within the terms and conditions of this Agreement. Any exceptions to the Agreement shall be presented in the SOQ.

#### CONTRA COSTA WATER DISTRICT Standard Services Agreement

THIS AGREEMENT for services is between Contra Costa Water District (“District”) and \_\_\_\_\_ (the "Consultant"). Consultant’s address is \_\_\_\_\_, telephone \_\_\_\_\_, and fax number \_\_\_\_\_. Consultant is a [ ] corporation, [ ] partnership, [ ] sole proprietor, having taxpayer’s identification number \_\_\_\_\_.

1. The Agreement. District and Consultant agree that Consultant shall provide \_\_\_\_\_ and shall perform these services for District on the terms and conditions herein set forth in connection with District’s project number \_\_\_\_\_ for \_\_\_\_\_. The specific scope of services, and any special performance conditions are defined in Attachment A - Scope of Work.

The following documents are attached hereto and are a part of this Agreement:

Attachment A - Scope of Work

Attachment B - Consultant’s Rates and Charges

This Agreement, including said attachments, constitutes the entire agreement between the parties and supersedes any prior proposals, representations, or understandings. This Agreement may be modified only by a written amendment signed by each party.

2. Time of Performance. Unless otherwise stated in Attachment A, Consultant is authorized to commence performance of this Agreement upon its execution by District. Consultant shall complete all services covered by this Agreement no later than \_\_\_\_\_, unless this date is extended by District in writing. At the District’s discretion, the District may extend the term of the Agreement. Should the District elect to extend this Agreement through \_\_\_\_\_, there shall be no change to the terms and conditions of this Agreement (other than to the time of performance).

3. Payment. Consultant shall at convenient intervals not more frequent than monthly submit itemized statements of services performed at the rates and charges in Attachment B. District shall pay for work satisfactorily performed within thirty (30) days after receipt of a statement. Without the prior written approval of the District, the total amount payable by District for Consultant’s services pursuant to this Agreement shall not exceed \$ \_\_\_\_\_ for the

period from \_\_\_\_\_ to \_\_\_\_\_, and \$\_\_\_\_\_ for the period from \_\_\_\_\_ to \_\_\_\_\_ upon extension of the Agreement.

4. Consultant an Independent Contractor. Consultant shall perform the consulting services under the Agreement as an independent contractor and not as an employee of District. Consultant shall be wholly responsible for the methods of performance. District shall have no right to supervise or control Consultant's performance, but shall have the right to observe it. Consultant shall work closely with District in performing the services.

5. Insurance.

A. Without in any way limiting Contractor's liability pursuant to the "Indemnification" section of this Agreement, Contractor must maintain in force, during the full term of the Agreement, insurance in the following amounts and coverage:

(1) Workers' Compensation, in not less than statutory amounts, with Employers' Liability Limits not less than \$1,000,000 each accident, injury, or illness; and

(2) Commercial General Liability Insurance with limits not less than \$1,000,000 each occurrence for Bodily Injury and Property Damage, including Contractual Liability, Personal Injury, Products and Completed Operations; and

(3) Commercial Automobile Liability Insurance with limits not less than \$1,000,000 each occurrence for Bodily Injury and Property Damage, including Owned, Non-Owned and Hired auto coverage, as applicable; and

(4) Professional liability insurance, applicable to Contractor's profession, with limits not less than \$1,000,000 each claim with respect to negligent acts, errors or omissions in connection with professional services to be provided under this Agreement.

B. Commercial General Liability and Commercial Automobile Liability Insurance policies must be endorsed to:

(1) Name as Additional Insureds, Contra Costa Water District and its respective Directors, Officers, Agents, and Employees.

(2) Provide that such policies are primary insurance to any other insurance available to the Additional Insureds, with respect to any claims arising out of this Agreement, and that insurance applies separately to each insured against whom claim is made or suit is brought.

C. Regarding Workers' Compensation, Contractor hereby agrees to waive its rights to subrogation which any insurer of Contractor may acquire from Contractor by virtue of the payment of any loss. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation. The Workers' Compensation policy shall be endorsed with a

waiver of subrogation in favor of Contra Costa Water District for all work performed by the Contractor, its employees, agents and subcontractors.

D. All policies shall provide thirty days' advance written notice to Contra Costa Water District of reduction or nonrenewal of coverage or cancellation of coverage for any reason.

E. Should any of the required insurance be provided under a claims-made form, Contractor shall maintain such coverage continuously throughout the term of this Agreement and, without lapse, for a period of four years beyond the expiration of this Agreement, to the effect that, should occurrences during the contract term give rise to claims made after expiration of the Agreement, such claims shall be covered by such claims-made policies.

F. Before commencing any work under this Agreement, Contractor shall furnish to Contra Costa Water District certificates of insurance and additional insured policy endorsements with insurers with ratings comparable to A-, VIII or higher, that are authorized to do business in the State of California, and that are satisfactory to Contra Costa Water District, in form evidencing all coverage set forth above. Failure to maintain insurance shall constitute a material breach of this Agreement.

G. Approval of the insurance by District shall not relieve or decrease the liability of Contractor hereunder.

H. If a subcontractor will be used to complete any portion of this agreement, the Contractor shall ensure that the subcontractor obtains all necessary insurance, which shall name Contra Costa Water District, and its respective directors, officers, agents and employees and the Contractor as Additional Insureds.

6. Payment of Prevailing Wages. If any personnel of Consultant or a subcontractor of Consultant performs work under the Agreement for which a general prevailing wage has been determined by the Director of the Department of Industrial Relations, Consultant or subcontractor shall pay the prevailing wage for such work and shall comply with all applicable provisions of the California Labor Code Section relating to public works (Section 1720 et. seq.). Copies of such wage rates are on file at the District's principal office. For questions regarding this section, Consultant should visit [www.dir.ca.gov/oprl/pwd/index.htm](http://www.dir.ca.gov/oprl/pwd/index.htm) or call the Department of Industrial Relations at 1-415-703-4774.

The general prevailing wage rates for such work which establish minimum wages for this Agreement shall be posted by Consultant in a prominent place at the site where such work is performed. Consultant shall comply with all of the provisions of Section 1775 of the Labor Code relative to penalties paid to the District regarding wage under- payments to workers employed under this Agreement, and Consultant shall comply with all of the provisions of Section 1776 of the Labor Code regarding payroll records requirements.

7. Abandonment by Consultant. In the event the consultant ceases performing services under this Agreement or otherwise abandons the project prior to completing all of the services described in this Agreement, Consultant shall, without delay, deliver to District all materials and records prepared or obtained in the performance of this Agreement, and shall be paid for the reasonable value of the services performed up to the time of cessation or abandonment, less a deduction for any damages or additional expenses which District incurs as a result of such cessation or abandonment, such as expenses associated with obtaining substitute services.

8. Records and Documents. Upon request, and at no additional charge, Consultant shall deliver to District all records, data, and reports prepared or obtained in the performance of the Agreement, which shall become and remain the property of District. This includes, but is not limited to, all materials and records of a finished nature, such as final plans, specifications, and maps prepared or obtained in the performance of this Agreement, and all materials of a preliminary nature, such as survey notes, sketches, preliminary plans, computations and other data prepared or obtained in the performance of this Agreement.

9. Right to Audit. Consultant shall permit District and its authorized representatives to examine, re-examine, make excerpts, transcribe and copy Consultant's books, documents, papers, materials, payrolls, records, accounts, computer disks, tapes and any and all data relevant to the Agreement at any reasonable time within three years after final payment under the Agreement. Consultant shall also permit District and its authorized representatives to audit and verify statements, invoices, or bills submitted by Consultant pursuant to the Agreement. Consultant shall provide such assistance as may be reasonably required in the course of such examination and audit.

10. Safety and Compliance with Laws and Regulations. In performing this Agreement, Consultant shall comply with all applicable laws, statutes, ordinances, rules and regulations whether federal, state or local in origin, and shall also comply with the CCWD Contractor/Consultant Safe Practices Handbook at all times when present on District property or at the site(s) of public works being installed, altered, repaired or removed for the District. The signature page of the CCWD Contractor/Consultant Safe Practices handbook shall be signed by the Consultant and submitted to the District. The Consultant shall provide copies of the Handbook to all Sub-Consultants/Sub-Contractors. The Handbook is available at <http://www.ccwater.com/files/safepacticeshandbook.pdf>.

11. Breach, Error, and Omission. In the event that Consultant fails to perform any of the services described in this Agreement or otherwise breaches this Agreement, District shall have the right to pursue all remedies provided by law or equity. Consultant shall exercise the same degree of care, skill, and diligence in the performance of the Agreement as would be exercised by a reasonable professional performing similar work under similar circumstances, and shall, at no cost to District, re-perform services which fail to satisfy this standard of care. In addition, any costs incurred by the District (including but not limited to additional design and administrative costs, to the extent that such costs are recoverable under California law) and used to correct deficiencies caused by the Consultant's errors and omissions shall be borne solely by the Consultant. The District is relying upon the Consultant's qualifications concerning the services furnished under

this agreement, and therefore the fact that the District has accepted or approved the Consultant's work shall in no way relieve the Consultant of these responsibilities.

12. Endorsement on Plans. All work of an engineering nature shall bear the stamp and signature of an engineer registered in the State of California.

13. Indemnification. If an action is filed in which it is claimed or alleged that any damages, injuries, or deaths arose out of, pertained to, or related to negligent acts, errors or omissions, recklessness, or willful misconduct of Consultant (or any person or organization for whom Consultant is legally liable), in the performance of the services for District, Consultant agrees, at its own expense, to defend District and its Directors, officers, employees, and agents; provided, however, that no settlement of a claim shall be made without the consent of District.

To the extent permitted by law, Consultant shall indemnify District and its Directors, officers, employees, and agents from any and against all claims, demands, costs, including reasonable attorney's fees, and liability for any damages, injuries, or deaths arising directly or indirectly from, or connected with, the services provided under this Agreement and due to, or claimed or alleged to be due to, negligence, recklessness, or willful misconduct of Consultant (or any person or organization for whom Consultant is legally liable). Consultant will reimburse District for any expenditures, including reasonable attorney's fees, District may make by reason of such matters and, if requested by District, will defend any such suits at the sole cost and expense of Consultant.

To the extent permitted by law, Consultant shall also indemnify the District and its Directors, officers, employees, and agents, against any and all claims, demands, costs and expenses at law or in equity including reasonable attorney's fees, and liability, suffered or incurred on account of, or that may at any time arise out of, or are in any way connected with, any breach by Consultant, or its employees, agents, subconsultants, or subcontractors, of the obligations, covenants, or any other provisions of this Agreement.

This Section shall survive any expiration or termination of this Agreement.

14. Confidentiality. Consultant shall treat any information it may come to have relating to the Agreement with confidence, revealing information to third parties only with prior written approval of District.

15. Assignment. The Agreement shall not be assignable or transferable in whole or in part by Consultant, whether voluntarily, by operation of law, or otherwise; provided, however, that Consultant with the prior written consent of District may subcontract that portion of the services for which Consultant does not have the facilities to perform so long as Consultant receives written approval from the District of the qualifications of the subcontractor or sub-consultant qualifications prior to execution of this Agreement. Any other purported assignment, transfer, or subcontracting shall be void. Nothing in the Agreement shall be construed to give any right or benefit to anyone other than District and Consultant.

16. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California.

17. Termination. District may terminate this Agreement at any time by thirty (30) days prior written notice to Consultant. Upon termination, District shall pay Consultant for all amounts due for services rendered up to the date of termination.

IN WITNESS THEREOF, the parties hereto have made and executed this Agreement as of the day and year written below.

Consulting Services Agreement  
Between Contra Costa Water District (“District”) and  
\_\_\_\_\_ (“Consultant”)

SCOPE OF WORK

Any work or services in addition to the work or services described in this Attachment shall be performed by Consultant according to the rates or charges listed in Attachment B. In the event that no rate or charge is listed for a particular type of extra work, Consultant shall not be entitled to compensation for extra work unless a written authorization or Amendment describing the work and payment terms has been executed by the District prior to the commencement of the extra work.

Consultant shall provide:

- (Briefly describe service or services)

District shall provide the following services and facilities:

- (Describe District obligations, if any)

**EXAMPLE**

Consultant shall provide financial and banking services, meeting facilitation, and planning study services that may include the following without limitation:

- Provide information on matters concerning urban development in East Contra Costa County, related to the impacts of potential needs for water services.
- Revise and update information in the Draft East County Water Services Status Report.
- Provide information concerning circulation, transmission, and distribution systems

District shall provide the following services and facilities:

- Timely access to land for field work;
- Reports, contracts, maps, and other data in District's possession necessary for completion of the services.
