YOUR DRINKING WATER: FROM SOURCE TO TAP

PRE-TEST/FRONT-LOADING EXERCISE: USE BEFORE WATCHING THE VIDEO

VIDEO LINK: HTTPS://YOUTUB.E/GFRHZ41NVNQ

1.) Where does your drinking water come from?
Answer here:______________________________________________________

*Hint, if you said rain, that's true, but there's another source nearby, so keep thinking!

2 A.) Is your drinking water safe to drink directly from most sources in nature?
Answer here:______________________________________________________

2 B.) If you answered YES, tell us why you think the water is safe, clean and ready to drink straight from nature_________________________________________________________

If you answered NO, tell us why and what has to be done to make it safe__________________________________________________
