PURPOSE:

To provide clear direction for District supervisors when they receive requests to provide a reference for a current or former District employee and when supervisors receive an employment verification request for a current or former District employee.

POLICY:

All requests for employment verifications and reference checks for prospective, current, and former employees must be handled by Human Resources & Risk staff to maintain consistency, confidentiality, and legal compliance.

PROCEDURES:

Supervisors receiving requests for employment verifications and/or reference checks are instructed to refer the requestor to a Human Resources & Risk staff member.

In situations where an employee (current or former) has provided written authorization and only after verification by Human Resources & Risk staff with the current or former employee as an authentic request, additional information will be released by Human Resources & Risk, consistent with the current or former employee's written authorization.

RESPONSIBILITIES:

Human Resources & Risk staff are responsible to conduct pre-employment reference checks on finalist candidates for District employment or finalist incumbents for promotion.
