At its January 20, 2021 meeting the California Water Commission (Commission) adjusted the Maximum Conditional Eligibility Determination (MCED) for all seven projects currently in the Water Storage Investment Program (WSIP). The Commission made a 2.5% inflation adjustment to the MCEDs of all seven projects within WSIP. The adjusted MCED for Los Vaqueros Reservoir Expansion Project is \$470,475,000. The MCED is the maximum amount of Proposition 1 WSIP funds the Commission can invest in a project. The Commission has discretion to award less than the MCED at the final funding hearing based on project changes.

The MCED amount above supersedes the 2018 MCED decision.

If you have any questions or concerns regarding this matter, please contact Amy Young at (916) 651-2477 or amy.young@water.ca.gov.
